Accessing PsychiatryOnline provides subscription options, including DSM-5-TR library, books, journals, CME, and patient resources. This virtual library is essential for psychiatrists and mental health professionals, offering key resources for diagnosis, treatment, research, and professional development. For assistance, contact PsychiatryOnline Customer Service via email at or by calling 800-368-5777 in the U.S. or 703-907-7322 outside the U.S. Some sections of this publication are currently unavailable due to licensing restrictions. However, for those with a subscription, accessing key resources and guidance on patient interviews is still available. Resources and suggested readings have been updated. The book "DSM-5 Made Easy" by Morrison is also recommended, which provides clear explanations of DSM-5 diagnoses with case studies. Another useful resource is "Diagnosis Made Easier", offering principles and decision-making trees to integrate information from multiple sources. Additionally, "The Mental Health Clinician's Workbook" uses in-depth cases and exercises to improve diagnostic skills.
